A WARM **WELCOME**TO THE HTA NATIONAL PLANT SHOW 2025!

There are not many events in the HTA calendar that involve so many of the team but putting on a show that has to be as diverse as the plants it highlights is not an easy task.

This year is our 14th National Plant Show and it is as big as ever with over 157 exhibitors, seminars, and opportunities to catch up with colleagues, customers and friends alike.

I think we are the friendliest industry in the world and events like this just go to prove it, so please take time to visit as many exhibitors as you can, make lots of new contacts and you never know, there may be a new supplier, plant, product or idea in here that is just waiting for you to discover. While you are searching out something new can I ask you to cast your vote in the Visitor's Vote for the New Plant Awards, just being nominated in these awards is a bonus for our amazing growers but to win would be confirmation that not only have the nursery produced a winning product but the team behind it get the recognition they deserve and everyone can see how good they are at what they do.

I hope you enjoy these couple of days but most of all I hope you find them useful, worthwhile and beneficial. Thank you for being here and making this show the best there is.

Will Armitage HTA President

THANK YOU TO ALL OUR PARTNERS AND SUPPORTERS:

#NPS

WHAT'S ON?

For over a decade, the HTA National Plant Show has proudly showcased the very best of British horticulture. From seeds, bulbs, and bedding plants to indoor specimens, perennials and trees, the show brings together the full spectrum of UK plant suppliers all under one roof.

After the success of the 2024 event, we're delighted to return with an even more extensive offering, with the biggest show yet. Explore two bustling exhibition halls packed with innovative displays and industry-leading exhibitors. Don't miss the **New Plant Awards**, where the very latest plant introductions take centre stage — highlighting the creativity and excellence driving the future of horticulture.

At the heart of the show is the **HTA Village** — a vibrant hub for all things HTA. It's your go-to destination to:

- Discover new industry initiatives
- Meet the HTA team and get expert advice
- Learn about key topics like Policy, Plant Retail Success, Plant Health & Biosecurity
- Explore benefits of HTA Membership
- Find out more about the National Garden Gift Card scheme

A special thanks to Darby Nurseries and Wyevale for supplying the beautiful plants that bring the HTA Village to life

Don't miss
out on these
free, interactive and
inspiring seminars - they
are always popular, so
make sure you arrive
early if you would
like a seat!

Show Ambassador

DURA-ID

WEDNESDAY 18 JUNE

10:30am New Plant Awards Announcements

Led by Pippa Greenwood, Horticulture Manager at the HTA, alongside the New Plant Award Judges. This session will highlight our winning plants, telling us why they won and how they contribute to the plant area offering.

12:30pm Networking Event

Hosted by Women in Horticulture.

2:00pm EU Reset: What might we expect?

Environmental horticulture is a key contributor to the UK's green economy, climate goals, and public wellbeing — supporting 722,000 jobs, contributing £38 billion to GDP and delivering a near £8.4 billion in tax revenues. As the UK seeks to reset its relationship with the EU, the sector stands at a pivotal moment. This session outlines the expected developments, key challenges, and essential next steps to ensure horticulture can thrive, trade smoothly, and deliver on its environmental and economic potential.

3:00pm Plant Protection in the Balance: Why Voluntary Contributions Matter Now

HCP CEO, Simon Conway will be presenting on the unique work of HCP and giving background to the decision making for Ornamentals as well as the application of PPP's. He will give valuable insight into what HCP has planned for the future and the work currently in progress - showcasing just how essential it is to contribute to resources within the sector.

4:00pm Networking Event

Hosted by the Young People in Horticulture Association.

THURSDAY 19 JUNE

10:00am Nursery Management Systems: Insights and Considerations

This session will look at the increasingly critical role of management information within production nurseries, and how nursery management software and systems are developing to meet current, and anticipate future needs. If you want to get more out of your current platform, or are considering a new system, this discussion will give you ideas for what to look for and expect to maximise your productivity and efficiency.

11:00am EU Reset: Part 2

Hosted by Sally Cullimore, HTA's Technical and Trade Policy Manger, and Gavin Roberts, Director of Trade Flow Consultancy.

12:30pm How does a garden centre achieve Net Zero?

Join Planet Mark for a conversation about the challenges and successes that await garden centres working towards Net Zero certification.

This discussion will offer practical insights, expert guidance, and inspiration for garden centres wanting to lead the way in environmental responsibility.

13:30pm Plant Biosecurity: For Your Business and Our Future

This session will look at how horticultural businesses of all types can implement a systematic and proactive approach to avoiding the costliest and most damaging pest and disease problems, what the other benefits are, and why we can't leave it all to the government.

RHS Award-winning plants

About RHS Plant Trials

The RHS conducts over 30 plant trials annually across the UK, independently assessed by horticultural experts. The finest performers receive the RHS Award of Garden Merit.

Inspire the nation's gardeners to choose the best plants by displaying the RHS Award of Garden Merit logo, which identifies plants that have performed well in trials nationwide. To learn more, contact us via email: trials@rhs.org.uk

Visit us at stand H262 to have a go at being a plant judge!

Fund your horticultural adventure with an RHS Bursary

Our bursaries scheme provides financial support for a wide range of horticultural projects. Scan the QR code to learn more:

New Plant AWARDS

The HTA's New Plant Awards serve as a key platform for plant breeders, growers, and marketers to introduce their latest and greatest innovations to the industry and public.

The Awards are the beating heart of the National Plant Show (NPS) and are a prestigiou recognition of excellence in the horticultural industry. Since the Show's inception, the Awards' reputation has grown and NPS is now considered the place to find the next best-selling plant for garden centres. Only the most exceptional and innovative plants, introduced to the market within the last year, receive an HTA New Plant Award, demonstrating how these new creations are a cut above the rest.

The New Plant Area, which hosts the Awards, is always bursting with ideas for new plants. In 2024 there were over 99 plants entered across 7 categories, and it proved to be a valuable source of inspiration for visitors. The categories are:

- Herbaceous Perennial
- Annuals, Tender Perennials and Container & Basket Plants
- Flowering Houseplants
- Foliage Houseplants
- Cacti & Succulents
- Trees
- Shrubs (including Conifers) & Climbers

This year's judging panel includes Emma Allen (RHS), Alan Down, Cath Quinney (Bennybeg Garden Centre), Liam Cleary (The Old Railway Line Garden Centre), and Anisa Gress (Potting Shed Press/Garden Trade News), with HTA's Horticulture Manager Pippa Greenwood overseeing.

The RHS is our partner for the New Plant Awards, and Joy of Plants validates all the entries.

Who will become this year's best in show?

Partnered with Floramedia, the Visitor Vote
Award is a popular part of the Show. With
so many plants to vote for, visitors are
spoilt for choice and often have a tough
decision on their hands when deciding
which they feel is their favourite plant!

These awards allow attendees to play an active role in recognising and celebrating the most outstanding plant varieties at the show. Visitors are invited to explore the exhibits and identify their favourite new plants based on their personal preferences, such as colour, fragrance, and shape.

The Visitor Vote sponsor Floramedia has the tools to help with all your print and marketing needs, from plant labels, eye-catching POS and website content to innovative packaging, alternative print materials or even a complete re-brand. Visit them on stands 211/212 to explore how creative thinking can lead to a more successful solution for your business.

partnered witl

VOTE FOR YOUR FAVOURITE Pick to Static

Pick up your token on entry, visit the central Voting Station in the linkway, and choose your favourite from the 7 winning plants.

The Visitor Vote is announced on Thursday morning at 9.15am.

POLICY, PUBLIC AFFAIRS & MEDIA

The HTA's Policy and Public Affairs Team represent members' voices to Ministers, MPs, Lords, and Officials across the UK parliaments. We also support HTA members in navigating regulation and government policies through regular webinars, visits, and briefings.

We have welcomed Ministers, politicians and Police and Crim Commissioners at member businesses, providing insight and experience directly to decision-makers. Furthermore, we have continued to strengthen relationships with our international partners, working collaboratively to highlight the shared challenges we face, including trade and the transition to peat-free.

The cost of doing business, trade, transition to peat-free, regulatory burden, skills and labour, the need for greater cross-departmental working, and the link between horticulture and health are just some of the big issues we have been working on.

The Media Team works alongside our lobbying efforts, achieving extensive national coverage and cut-through, ensuring the HTA and its members' voices are heard on crucial industry matters.

We cannot successfully continue our work without the support of our members, and we very much appreciate that members are hosting visits, supporting our events, and speaking to the media.

NEW PLANT

#NPS

UNDERSTAND THE MARKET, YOUR CUSTOMERS AND THE OPPORTUNITIES FOR YOUR BUSINESS

HTA members get exclusive access to expert research and benchmarking tools to track trends, customer behaviour, and business performance.

What's included?

- Monthly Market Update: Sales trends and expert analysis on what's affecting the state of trade.
- Garden Retail Monitor (GRM): Real-time retail data from EPOS systems. Learn more or register your interest at hta.org.uk/grm
- Link Sales Insights: Practical ways to grow plant area revenue part of the Plant Retail Success initiative.
- Understanding the market & the customer
- Consumer Profiles: Target key audiences with pen portraits
- Market Insights factsheets
- Eye-tracking reports for in-store improvements

New Business Benchmarking

Over the last year, the HTA has been developing a new system for members. The Retail Sales benchmarking used predominantly by the BIS/RDF groups has gone live, whilst grower sales, wages & labour, financial, and grower inputs benchmarking are set to go live later in 2025.

TENDERCARE NURSERIES

Hall 1:38

Southlands Road, Denham, Middx UB9 4

Contact: Andrew Halksworth **Telephone:** 07957612755 Email: andrewh@tendercare.co.uk Website: www.tendercare.co.uk

Tendercare Nurseries is known as an early entrant into the UK specimen plant grower market - in 1989. Recent investment and partnerships have seen the Company recognised as being at the forefront by being voted the Pro Landscaper magazine's '2024 Trade Nursery of the Year". For the 2025/26 season, there are new developments that will be announced at the Show that are focused on making the selling of specimen plants faster (quicker turnover), easier (much less administration) and more rewarding (less risk and lower stock holding) for garden centres and

cash and carry outlets.
