**natuteC<sup>®</sup>**

by Koppert

Nature works wonders, achieving amazing things, like protecting your crops from pests and diseases with natural enemies and micro-organisms. But sometimes it needs a little help.

Natutec's technology enables nature to do its job more effectively and efficiently. It's giving nature a push, empowering nature with technology.

Drive - release system	Covered / outdoor	Large - scale	Row crops	Piperail / tractor-mounted
Drone - release system	Outdoor	Large - scale	All	Mav Link Drone

PRODUCT LAUNCH

# Natutec Airobreez

A close-up photograph of a person's hand reaching out towards a dark, futuristic interface. The scene is dimly lit with a strong blue and teal glow emanating from the device, which creates a high-tech, scientific atmosphere. The hand is positioned in the lower half of the frame, with fingers slightly curled as if about to touch or interact with the device. The background is dark and out of focus, showing some metallic textures and faint light sources.

# Product Information

- Product code EU:
- Product code NA:
- Hardcase
- Seven components
- Shoulder strap
- Battery charger
- Battery life: 2 hours (at it's maximum setting)
- Blowing distance: 0 – 4 metres
- Reservoir capacity: 3 litres
- Settings: 15 adjustable options
- CE certication
- UL pending
