

Exhibitor parking for vehicles higher than 1.9m.

Short stay street parking is available (see map) all to be booked at the time of parking using RingGo <https://m.myringgo.co.uk/home>

You also have a map of the borough with the different zones

<https://www.islington.gov.uk/parking/parking-restrictions/controlled-parking-zones> - you will see some zones which operate Monday to Friday 10-12 (U Zone) or TW zone which operates Monday to Friday 10-2pm. D zone which is just off Caledonian Rd is Monday to Friday 09.30 to 4.30. Obviously people need to remember that double yellow lines are 24/7, so as long as people parking in a permit/resident bay or pay by phone or single yellow line out of the restriction times then they will be fine. There may be restrictions, as Islington have some streets like Brewery Rd, Market Rd, Blundell Rd and North Rd (in S and D zone) which are quite industrial and should not cause too many problems for people to park up larger vehicles. You will have to check about any overnight bans on the street you are parking on.

Some other options please see below:

Carpark on City Road, Moorfield

1 Shepherdess Walk, Hoxton, London, N1 7BP

07779 555555
